

## **NOTICE OF PUBLIC HEARING**

**Location:** San José City Hall – Council Chambers  
200 E. Santa Clara Street, San Jose, CA 95113  
**Date:** Tuesday, March 18, 2008  
**Time:** No earlier than 7:00 p.m.

The City Council of the City of San José will be considering the **San Jose Medical Center Stakeholder Advisory Committee** recommendations during its evening meeting on Tuesday, March 18, 2008.

**Background:** The San José Medical Center located at 675 East Santa Clara Street closed on December 9, 2004. In response, the City Council directed Planning staff to initiate the Former San José Medical Center Site Land Use-Healthcare Study, which is intended to be a community planning process. In April 2006, staff presented a framework for community engagement, including forming a Stakeholders Advisory Committee, for the Former San José Medical Center Site Land Use-Healthcare Study. The overall objectives for the San José Medical Center Land Use/Healthcare Study are two fold: 1) to identify priority health care needs and uses for downtown including which uses should be accommodated on the San José Medical Center site, and 2) define a feasible land use plan that represents the needs of the community. After more than a year in the process, the Stakeholder Advisory Committee has adopted recommendations for the City Council's consideration. The recommendations of the Stakeholder Advisory Committee and City staff will be presented to the City Council at this public hearing. Additional information about the Stakeholder Advisory Committee process is available online at <http://www.sanjoseca.gov/planning/sjmc>.
